RECOMENDATIONS OF USE

Multi-purpose glove to protect the hand and/or the handled product, can also be used for general uses ■ The glove is suitable for contact with pure chemical products for a period of less than the permeation time indicated in the chemical resistance table. ■ Results are obtained under laboratory conditions and may not reflect actual working time ■ For use with corrosive chemicals the degradation index is the most important factor to consider

WARNINGS

■ Carefully read the Informative Note before using the glove ■ Before using the product, try it in the real condition of use ■ The glove is a device subject to wear, so frequent replacement is recommended and in all cases where imperfections are observed ■ Wear gloves with dry, clean hands ■ In rare cases, transient skin reactions and hypersensitivity reactions may occur ■ In case of reaction, discontinue use

STORAGE AND DISPOSAL

■ Store the gloves in their original packaging in a dry place. ■ Do not expose to direct sunlight and heat sources. ■ The expiry date is 3 years from the date of manufacture indicated on the sales package, and is valid for the product properly stored ■ Gloves must be disposed of according to local regulations
